

# StickCutter

## WORLD-LEADING PRECISION IN STICK CUTTING

- ✓ Up to 1,100kg processed cheese or pasta filata sticks per hour
- ✓ Eliminates filling forms, cold storage and manual feeding
- ✓ Minimum manual handling - no risk of product recontamination
- ✓ Perfectly arranged sticks - ready to be packed

**natec**  
NETWORK

# StickCutter

The **Natec Network StickCutter** is designed to produce sticks made of processed cheese or pasta filata. The continuous cutting system complements the **Natec Network FreeSlice®** or other equipment for the production of SOS cheese.

It is also possible to produce sticks made of different types of analogue or hybrid cheese in variable sizes.

Forming & portioning

Processed cheese

Pasta filata

## + Benefits

» **Maximum efficiency:** The inline production of sticks by combining **FreeSlice®** with **StickCutter** reduces the usual production steps to a minimum as cooling, forming and cutting is performed in one step.

» **Low product loss and low operating cost:** High degree of automation minimizes operating cost and product loss. By reducing manual handling to a minimum, the risk of product recontamination is significantly low.

## + Options & attachments

» Options on request

## ⚙️ Technical data

### Machine data

- » L x W x H: 2,000 x 2,100 x 1,500mm (78" x 82" x 59")
- » 400 V, 50 Hz, 3 phase
- » Other voltages available

### Capacity data

- » Up to 150 cuts/min
  - » Up to 1,100kg/h (2,425lbs/h)
- Depending on formats and product temperature

### Utilities

- » Compressed air and power as required

### Formats

- » Stick width: 4 – 100mm (0.16 – 4")
  - » Stick length: 8 – 500mm (0.3 – 19")
  - » Stick thickness: 5 – 12mm (0.2 – 0.5")
- Depending on final product temperature

### Execution

- » According to CE guidelines

### Cleaning

- » Manual cleaning

📞 Tell us about your project

**Natec Network** is a global group of food technology companies, with vast expertise and experience that innovates with you to deliver the exact production solution you need.

We pride ourselves on building adaptable machines and production lines that are super-efficient, reliable, have huge productive capacity and bring you fast ROI. This machine is no exception.

Let's work together to develop your ideal solution.
