

HERMETIC SEALED SLICES WITH OUR **FreePack®**

Producing worlds first hermetic sealed processed cheese slices (HSS) using a continuously operating production method.

⚙️ Technical data

- » Slice format 84 x 84 mm (without film)
- » Slice weight 16 to 25 g
- » Models available:
FreePack® HSS 800 (approx. 1,000 kg/h)
FreePack® HSS 1600 (approx. 2,000 kg/h)
- » All types of processed cheese, other products and formats on request

⊕ Benefits for manufacturers & consumers

- » Sustainable secondary packaging
- » Optimal presentation and high-quality appearance on the shelf
- » Cost-savings possible through secondary packaging
- » No printer and knurling device for marking of opening tab required, as sealing tabs are easy to recognise and to handle
- » Two flaps ensure easy and hygienic opening and slice stays whole as it has no "predetermined breaking point" at the longitudinal sealing seam
- » Sale of individual slices possible

BRAND NEW!

Natec FreePack® worldwide offers the first production of hermetic sealed slices (HSS).

FreePack®

natec

Hochland Natec GmbH, Gold Peg International Pty Ltd and Natec USA LLC joined forces to form an international network of food processing companies – the **Natec Network**. Always team spirited and leading in flexibility, quality, and innovation the network delivers customised equipment and production lines for key challenges in food processing and at every stage of business development. In order to meet the customers’ requirements, even at the start of a project, the network uses its own specific service framework which combines extensive experience and professional expertise along with a drive for innovation.

The result is technology and support that is crucial in contributing to the value and development of our customers in the food production industry. The love of generating and implementing cutting edge ideas with great impact, as well as the willingness to tailor technology that can exceed the customer’s targets, lets the **Natec Network** always strive to unlock business and human potential in a sustainable way with integrity – and thus be a partner who provide more than just technical infrastructure.
