- » Cleaning with integrated CIP

+ Minimised wear & tear thanks to

- » Repair and wear optimised by cooperation with Hochland
- » Any parts easy to change, designed in a module style

+ Minimum floor space requirement

- » Higher production performance at smaller space requirements
- » Left and right design available
- » *FreeSlice*® 300, 1500 and 3000 available

+ Product safety

- » No icing of the steel belts, cooling only with water
- » Integrated laminar flow system
- » No risk of recontamination

+ Different applications possible

- » *CubeCutter, StickCutter, CrossCutter XC, SOS FreeStacker S180*

FreeSlice®

natec

Hochland Natec GmbH, Gold Peg International Pty Ltd and Natec USA LLC joined forces to form an international network of food processing companies – the **Natec Network**. Always team spirited and leading in flexibility, quality, and innovation the network delivers customised equipment and production lines for key challenges in food processing and at every stage of business development. In order to meet the customers’ requirements, even at the start of a project, the network uses its own specific service framework which combines extensive experience and professional expertise along with a drive for innovation.

The result is technology and support that is crucial in contributing to the value and development of our customers in the food production industry. The love of generating and implementing cutting edge ideas with great impact, as well as the willingness to tailor technology that can exceed the customer’s targets, lets the **Natec Network** always strive to unlock business and human potential in a sustainable way with integrity – and thus be a partner who provide more than just technical infrastructure.
