# Separating Machine

natec

The **Natec Separating Machine** is designed to separate packed products from the packaging material. The separated products can be used as rework. This machine can be loaded with single packed IWS slices (with or without secondary packaging), processed cheese wedges, or processed cheese in plastic cups.

Separating

Processed cheese

## + Benefits

- » Reduction of rework costs
- » Reusage of the products

## + Options & attachments

### » Type 1400:

600 – 900 kg/h (1,300 – 2,000 lbs/h)  
for IWS packages up to 10 slices,  
processed cheese wedges wrapped in  
aluminium and cups up to 400 g (14 oz)  
loading by conveyor belt

### » Type 410:

200 – 300 kg/h (440 – 660 lbs/h)  
only for single IWS slices loading by  
screw conveyor

» Further options available

## + Technical data

### Machine data

- » L x W x H: 4,000 x 800 x 3,000 mm (130" x 30" x 110")
- » Weight: approx. 2,500 kg
- » Type 410: 400 V, 50 Hz, 3 phase / 3.75 kVA

### Utilities

- » Steam: 3 bar, 40 kg/h (90 lbs/h)

### Cleaning

- » Manually cleaning

### Execution

- » According to CE guidelines

NETWORK

**SUCCESS GENERATING  
FOOD TECHNOLOGY**

**Hochland Natec GmbH, Gold Peg International Pty Ltd** and **Natec USA LLC** joined forces to form an international network of food processing companies – the **Natec Network**. Always team spirited and leading in flexibility, quality, and innovation the network delivers customised equipment and production lines for key challenges in food processing and at every stage of business development. In order to meet the customers' requirements, even at the start of a project, the network uses its own specific service framework which combines extensive experience and professional expertise along with a drive for innovation.

The result is technology and support that is crucial in contributing to the value and development of our customers in the food production industry. The love of generating and implementing cutting edge ideas with great impact, as well as the willingness to tailor technology that can exceed the customer's targets, lets the **Natec Network** always strive to unlock business and human potential in a sustainable way with integrity – and thus be a partner who provide more than just technical infrastructure.
